

INTERIM REPORT 2004

NUMIS CORPORATION PLC

CHIEF EXECUTIVE'S STATEMENT

RESULTS

We are pleased to report that the Group's profit before tax for the six months ended 31 March 2004 more than doubled to £11.2 million (2003: £5.1 million). Operating profit, which excludes an exceptional profit of £0.8 million relating to a sale of shares in Abbey Legal Holdings Limited, increased by 111% to £9.7 million (2003: £4.6 million). Turnover increased in the period to £21.2 million (2003: £11.5 million). Basic earnings per share before the exceptional profit were 40.7p (2003: 23.4p) while net assets have increased to £41.2 million (2003: £20.6 million).

DIVIDEND AND SCRIP ALTERNATIVE

The board declares payment of a maiden interim dividend of 2.5p per share (2003: nil). The dividend will be payable on 7 July 2004 to all shareholders on the register on 7 May 2004. Shareholders will be offered the option to receive shares instead of a cash dividend. The details of this will be explained in a circular to accompany our Interim Report.

CORPORATE FINANCE & CORPORATE BROKING

We have successfully raised a record £268 million (2003: £240 million) for corporate clients in the first six months of the financial year. During the first quarter 2004 Numis was ranked as the leading book runner in the UK for IPOs (Source: Thomson Financial) and we continue to strive to bring high quality companies to our institutional clients.

We now have 70 corporate clients compared with 40 at the same time 12 months ago. We are continuing to attract high quality corporate clients across all the sectors where we specialise whilst at the same time building our corporate broking team to enhance our service. Numis has become recognised as a leading corporate broker to mid and small cap UK companies.

We continue to develop our Corporate Finance business through the addition of a number of high quality individuals and we are confident of growing our client list whilst at the same time improving the level of service that we provide.

RESEARCH, SALES & TRADING

We have added a number of analysts in the last six months to enhance our coverage of UK quoted companies. Regulation surrounding stockbroking research is undergoing substantial revision and we are adapting our business to meet these changes. High quality analysis and opinion has always been a hallmark of our research and we are confident that this will remain the case.

The UK equity market has improved significantly in terms of volumes and levels in the last 12 months. Our share of market volume has also risen and we continue to strive to improve our service to institutional clients. This drive to improve our product and service has begun to bear fruit and institutional commissions have increased by 123% over the same period last year. Our market making team continues to make progress and we now make markets in over 200 stocks. We will increase this number where we believe we can add liquidity and expertise.

CHIEF EXECUTIVE'S STATEMENT

(CONTINUED)

NEW YORK OFFICE

We have opened a small office in New York and have recently received our dealer-broker licence. Once we have finalised our internal processes we will be able to commence trading and introduce our UK corporate clients to US institutions.

OUTLOOK

We are very grateful to everyone at Numis for their efforts, which have contributed to record profits during the period. Equity market conditions have improved but we remain cautious and we are mindful of this as we grow the business. We intend to keep a firm control on costs and are determined to build a business that can prosper in good markets and be resilient in poorer ones. Numis has developed a strong culture of equity ownership amongst employees which helps create a sense of common purpose and drive.

We have made a satisfactory start to the second half of the year and are confident that there are opportunities for us to grow the business in a consistent and measured way.

NOTES

ACCOUNTING POLICIES

The accounting policies that have been applied to the unaudited results are consistent with the latest published audited accounts.

EXCEPTIONAL ITEM

On 30 January 2004, Numis realised a profit on disposal of £0.8m from the sale of its 26.42% shareholding in Abbey Legal Holdings Limited. As part of the sale proceeds, Numis retains 30.0% of the company that acquired Abbey Legal Holdings Limited and, of the sales proceeds, £719,000 remains receivable at the balance sheet date.

EARNINGS PER SHARE

Basic earnings per share is based on profit on ordinary activities after taxation of £7,864,000 (2003: £3,559,000), adjusted to £7,828,000 (2003: £3,538,000) to remove dividends held in the Numis Employee Share Trust, on a weighted average number of ordinary shares in issue during the period of 17,885,592 (2003: 15,118,029). Diluted earnings per share assumes that options outstanding at the end of the financial period were exercised at the beginning of the financial period where the exercise price per share is less than the fair value of the price of the share in the period.

ADMINISTRATIVE EXPENSES

Administrative expenses include a provision for incentive payments of £4.3m (2003: £2.2m).

DIVIDEND

The board declares payment of an interim dividend of 2.5p per share (2003: nil). The dividend will be payable on 7 July 2004 to all shareholders on the register on 7 May 2004.
